Nass Corporation BSC
Manama, Kingdom of Bahrain

Introduction

We have reviewed the accompanying 30 September 2022 condensed consolidated interim financial information of Nass Corporation BSC (the "Company") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 September 2022;
- the condensed consolidated statement of profit or loss and other comprehensive income for the three-month and nine-month periods ended 30 September 2022;
- the condensed consolidated statement of changes in equity for the nine-month period ended 30 September 2022;
- the condensed consolidated statement of cash flows for the nine-month period ended 30 September 2022; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Company is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2022 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

15. IMPACT OF EXTERNAL EVENTS - COVID-19 AND RUSSIAN-UKRAINIAN CONFLICT*Impact of the COVID-19*

There has been no significant direct impact on the business and financial position of the Group arising from the ongoing effects of disruption caused by COVID-19. However, potential for indirect exposures continue to exist.

Impact of Russian-Ukrainian conflict

During the period, a conflict between Russia-Ukraine has triggered a global economic disruption and has, amongst other things, led to increased volatility in financial markets and commodity prices due to disruption of supply chain which may affect a broad range of entities across different jurisdictions and industries.

The management has carried out an assessment and has concluded that the Group has indirect exposures from the impacted countries in relation to its ongoing long-term construction projects. The increased commodities prices and the disruption of supply chain have had an impact on direct cost of the ongoing projects and is expectedly continue to do so in the future. At this stage it is difficult to quantify the full impact of this conflict since it depends largely on the nature and duration of uncertain and unpredictable events, such as further military action, additional sanctions, and reactions to ongoing developments by global financial markets.

Nevertheless, in preparing this condensed consolidated interim financial information, management has made judgments in applying the Group's accounting policies and sources of estimation that are subject to uncertainty and estimated the potential impact of the conflict with relation to the commodity price increases and supply chain disruptions.
