INDEPENDENT AUDITORS' REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

The Board of Directors
Nass Corporation BSC
P.O. Box 669
Manama
Kingdom of Bahrain

8 August 2019

Introduction

We have reviewed the accompanying 30 June 2019 condensed consolidated interim financial information of Nass Corporation BSC (the "Company") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 June 2019;
- the condensed consolidated statement of profit or loss and other comprehensive income for the three-month and six-month periods ended 30 June 2019;
- the condensed consolidated statement of changes in equity for the six-month period ended 30 June 2019;
- the condensed consolidated statement of cash flows for the six-month period ended 30 June 2019; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Company is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2019 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

CONDENSED CONSOLIDATED STATEMENT OF FINANCIAL POSITION

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2019**

Bahraini Dinars '000

1 REPORTING ENTITY

Nass Corporation B.S.C. (the "Company") is a public shareholding Company incorporated and registered in Bahrain on 17 September 2005 under commercial registration number 60037 and listed on the Bahrain Bourse on 22 November 2005.

It operates through a group consisting of divisions, subsidiaries and joint ventures. The Group is mainly engaged in civil engineering, mechanical and electrical contracting, manufacture and supply of manpower to related contracting activities. It is also involved in the sale of ready mixed concrete, ice blocks, spare parts, foodstuff, and general trading and undertakes contracts relating to precast concrete and water supply.

The condensed consolidated interim financial information ("interim financial information") as at and for the six month period ended 30 June 2018 includes the results of the Company and its subsidiaries (together referred to as the "Group").

2 BASIS OF PREPARATION**a) Statement of compliance**

The condensed consolidated interim financial information has been prepared in accordance with IAS 34 – '*Interim Financial Reporting*'. These do not include all the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements as at and for the year ended 31 December 2018.

The condensed consolidated interim financial information are reviewed, not audited. The comparatives for the condensed consolidated statement of financial position have been extracted from the audited consolidated financial statements for the year ended 31 December 2018 and comparatives for the condensed consolidated statements of profit or loss and other comprehensive income, cash flows and changes in equity have been extracted from the reviewed condensed consolidated interim financial information for the six month period ended 30 June 2018.

b) Judgments and estimates

The preparation of condensed consolidated interim financial information requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements for the year ended 31 December 2018 except for changes arising from adopting of IFRS 16 as referred to in note 3.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and risk management framework applied by the Group in the preparation of the condensed consolidated interim financial information are consistent with those applied in the preparation of the last audited consolidated financial statements as at and for the year ended 31 December 2018, except for the impact of IFRS 16 adoption as below.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2019

Bahraini Dinars '000

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

IFRS 16 Leases

IFRS 16 Leases introduces a single, on-balance lease sheet accounting model for lessees. It replaces existing leases guidance including IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

The Group has adopted IFRS 16 its effective on 1 January 2019 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under IAS 17 and IFRIC 4.

On transition to IFRS 16, the Group recognised an additional BD 6,632 of right-of-use asset and BD 6,632 of lease liabilities.

Amount disclosed as operating lease commitments at 31 December 2018	6,081
Less: Low value leases	(1,212)
Impact of discounting	(1,312)
Extension and termination options reasonably certain to be exercised	3,075
Lease liabilities recognised on 1 January 2019	6,632

As a result of adoption of IFRS 16, the Group has changed its accounting policy for lease contracts as detailed below.

i) Definition of a lease

On transition to IFRS 16, the Group elected to apply the practical expedient to grandfather the assessment of which transactions are leases. It applied IFRS 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under IAS 17 and IFRIC 4 were not reassessed for whether there is a lease. Therefore, the definition of a lease under IFRS 16 was applied only to contracts entered into or changed on or after 1 January 2019.

Previously, the Group determined at contract inception whether an arrangement is or contains a lease under IFRIC 4. Under IFRS 16, the Group assesses whether a contract is or contains a lease based on the definition of a lease.

ii) As a lessee

As a lessee, the Group previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Group. Under IFRS 16, the Group recognises right-of-use assets and lease liabilities for most leases – i.e. these leases are on-balance sheet.

- Leases classified as operating leases under IAS 17

At transition, lease liabilities were measured at the present value of the remaining lease payments, discounted at the Group's incremental borrowing rate as at 1 January 2019. Right-of-use assets are measured at either:

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION**for the six months ended 30 June 2019**

Bahraini Dinars '000

3 SIGNIFICANT ACCOUNTING POLICIES (continued)**IFRS 16 Leases (continued)**

- an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments
- the Group applied this approach to all other leases.

The Group used the following practical expedients when applying IFRS 16 to leases previously classified as operating leases under IAS 17.

- Applied a single discount rate to a portfolio of leases with similar characteristics.

- Adjusted the right-of-use assets by the amount of IAS 37 onerous contract provision immediately before the date of initial application, as an alternative to an impairment review.

- Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term.

- Excluded initial direct costs from measuring the right-of-use asset at the date of initial application.

- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

iii) As a lessor

The Company leases out its investment property, including right-of-use assets. The Group has classified these leases as operating leases.

The accounting policies applicable to the Company as a lessor are not different from those under IAS 17. However, when the Company is an intermediate lessor the sub-leases are classified with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset.

The Company is not required to make any adjustments on transition to IFRS 16 for leases in which it acts as a lessor. However, the Company has applied IFRS 15 Revenue from Contracts with Customers to allocate consideration in the contract to each lease and non-lease component.

The Company sub-leases some of its properties. Under IAS 17, the head lease and sub-lease contracts were classified as operating leases. On transition to IFRS 16, the right-of-use assets recognised from the head leases are presented in investment property, and measured at fair value on transition to IFRS 16. The sub-lease contracts are classified as operating leases under IFRS 16.

iv) Right-of-use assets

The company has recognised the right-of-use assets BD 6,632 as on 1 January 2019 related to land and building and the depreciation charge thereon for the period ended 30 June 2019 was BD 949.

2019
(reviewed)
2,150
3,551
1,401
7,102

During the period, an amount of BD 186 was recognised as interest on lease liabilities in condensed consolidated statement of profit or loss and other comprehensive income.

4 FINANCIAL RISK MANAGEMENT

The Group's financial risk management objectives and policies are consistent with those disclosed in the Group's audited consolidated financial statements for the year ended 31 December 2018 except for changes arising from adoption of IFRS 16 (refer note 3).

5 SEASONALITY OF OPERATIONS

Due to the effect of seasonal variations, the results reported in the condensed consolidated interim financial information may not represent a proportionate share of the overall annual results.

6 APPROPRIATIONS

Appropriations for the current year if any, will be made at the year end. At the Annual General Meeting (AGM) for the year 2018 held on 28 March 2019, the following appropriations were approved which have been effected during the period:

- a final dividend of BD 1,075 - 5 % (2017: BD 1,075 - 5 %); and
- transfer to donation and charity reserve of BD 30 (2017: BD 30).

Directors' remuneration of BD 92 (2017: BD 92) was charged to profit or loss and approved by the shareholders at AGM.

13 FAIR VALUE AND CLASSIFICATION OF FINANCIAL INSTRUMENTS

a) Fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

None of the Company's assets are carried at fair value. The carrying value of the Company's financial instruments approximate their fair value.

b) Classification

All of the Company's financial assets and liabilities are classified at amortised cost.

14 COMMITMENTS AND CONTINGENCIES

	30 June 2019 (reviewed)	31 December 2018 (audited)
Guarantees	88,954	62,753
Letters of credit	6,428	1,046
Capital commitments	1,536	535

The banks have provided guarantees (performance, retention, financial and others related to contracting activities) amounting to BD 88,954 (31 December 2018: BD 62,753) for the various divisions and subsidiaries of the parent Company.

15 COMPARATIVES

The comparative figures have been regrouped, where necessary, in order to conform to the current period's presentation. Such regrouping did not affect the previously reported profit and total comprehensive income for the period or total equity.
